

# VACUUM CONTACTOR TYPE CCV – 1140V- 400A; 630 A.

Manufacturing code: CCV – 1140V – 400A ; 630A

Company standard : ST 588/04

## TECHNICAL DATA

Rated working voltage	1500V	1500V
Rated thermal current	400A	630A
Switching capacity of		
motor	710kW	1000kW
transformer	710kVA	1000kVA
capacitor bank	550kVAR	800kVAR
Rated thermal short – time current		8kA
Utilization category	AC1, AC2, AC3, AC4,	
Dimension of the contactor	272 x 160 x 341	
	mm	
Weight		15kg

Manufacturing according to certified assurance systems: ISO 9001

Technical performances according to European and/or international standards/norms: IEC 947 (1995)
