

## High-voltage current limiting fuse-links for transformers protection type FIT, FET, FITm 24 kV - 0,5 ... 25 A

**Applications:** Power and tension measure transformers protection.

### Operating conditions

- Temperature: -25° C ... +40° C
- Storage temperature: -30 ... + 40° C
- Relative humidity: 80% Ia 20° C
- Vibration: 3g, 0.5 h, 3 ... 55 Hz

Overall dimensions: 508 / Ř72 / Ř55

Manufacturing according to certified assurance systems: [ISO 9001](#)

Technical performances according to European and/or international standards/norms: [IEC 282-1 \(1994\)](#); [IEC 787 \(1990\)](#).

Type	FIT, FET, FITm 7,2 kV/0,5 ... 25 A						
Rated voltage [kV]	24						
Rated current [A]	0,5	2,5	4	6,3	10	16	25
Rated breaking capacity [kA <sub>ef</sub> ]	25						
Minimum breaking current	(4 ... 6) I <sub>n</sub>						
Overall dimensions [mm]	508 x Ć72/Ć55						
Weight [kg]	3,5
